Metal Choices

- 14K -** 58.5% pure gold, 41.5% metal alloy
- 10K -** 41.7% pure gold, 58.3% metal alloy
- Silver Elite™ With Platinum** - A precious metal alloy composed of 78% silver, 10% platinum, and 12% other metal alloy
- Lustrium™** - A non precious metal alloy that is silver in color. While a durable metal it does not have the same value and characteristics as gold and platinum, and thus may require additional care and cleaning.

This unique series of rings is designed exclusively for the Columbia Association.
